Kansas Energy and Environmental Policy Advisory Group (KEEP) Technical Work Group Preferences

All Kansas Energy and Environmental Policy Advisory Group members should participate in at least one Technical Work Group (TWG), and members may participate in more than one group, space permitting. To help us make the best TWG assignment for you, please indicate one first preference, one second preference, and one third preference, for a total of your top three preferred TWGs overall. The Center for Climate Strategies (CCS) will compile the results, and the Governors Office will organize membership of the TWGs. CCS will then contact you about the logistics, agenda, and background materials for the first round of TWG teleconferences. If you have suggestions for additional technical experts to consider adding to a TWG, please indicate their name and contact info below.

For additional information about the TWGs, please contact Aaron Dunkel, KDHE, at 785.296.0461 or ADunkel@kdhe.state.ks.us, or Tom Looby, CCS, at 970.668.4836 or tomlooby@colorado.net. Thank you for your participation.

Your Name	Phone Number	Email Address

TWG	1 st Choice	2 nd Choice	3 rd Choice
Agriculture, Forestry, and Waste Management			
Energy Supply			
Residential, Commercial, and Industrial			
Transportation and Land Use			
Cross-Cutting Issues			

Proposed additional technical experts for Technical Work Groups, including contact info if available:
